

Name : Saroj Agarwal	Age/Gender : 63 y / F	Collected : 08/03/2026 11:56
Patient ID : 0010663186	Visit Type : IP	Received : 08/03/2026 11:56
Referred By : Dr. Darshit Shah	DOB : 27/08/1962	Reported : 09/03/2026 15:37
Accession : 2600053150	Location : 1T05S`1TR0509`1TB0509`1ONCOMED	

DEPARTMENT OF LABORATORY MEDICINE - IMMUNOLOGY

Test Name	Result	Units	Biological Reference Range
cANCA/PR3 ELISA (Serum,ELISA)			
cANCA/PR3 ELISA	Less than 2.0	RU/ml	Negative: < 20 Positive: >= 20

cANCA/PR3 Test Interpretation:

1. Negative result indicates that there is no detectable level of ANCA.
2. Positive result needs to be correlated clinically;
3. It is advisable to combine ANCA IFA testing with monospecific ELISA assays for pANCA - anti-proteinase3 (Anti-PR3) and cANCA - myeloperoxidase (Anti-MPO) for complete evaluation.

cANCA/PR3 Clinical Information:

1. Anti neutrophil cytoplasmic antibody (ANCA) is a screening test in suspected cases of autoimmune vasculitis including Wegener's granulomatosis (WG), microscopic polyangiitis (MPA), C-S syndrome, or organ-limited variants such as pauci-immune necrotizing glomerulonephritis, chronic inflammatory bowel disease, chronic liver disease, etc.
2. ANCA react with enzymes in the cytoplasmic granules of human neutrophils including proteinase 3 (PR3), myeloperoxidase (MPO), elastase, cathepsin G and other target antigens. Antibodies to PR3 produce the cANCA pattern. The test helps in diagnosis and to monitor inflammatory activity.
3. The results of tests for autoantibodies including ANCA and specific autoantibodies are ancillary hence therapeutic decisions to judge the disease activity or to determine the response to treatment based solely on ANCA titres are not generally recommended. Reported results are for the information of the referring Clinician. Results should be interpreted in correlation with medical history, clinical presentation and other findings.
4. Reference ranges and clinical information/interpretations are traceable to kit inserts/textbooks/defined guidelines and <https://www.mayocliniclabs.com/test-catalog/index.html>..
