CONSENT FOR RADIOLOGICAL EXAMINATION

COPY

I hereby give consent to Sir H N Reliance Foundation Hospital and its staff to perform the radiological investigation of X Ray/DEXA/Mammography/Fluoroscopy.

I have been fully explained the nature of the investigation, possible risks, related complications and consequences in a language and manner I understand. Also, I understand that the same has been advised to assist the medical staff in the diagnosis and management of my ailment.

For Female patients only:

☐ I, to the best of my knowledge, believe that I am currently not pregnant nor is there any possibility that I may be pregnant.

☐ I understand that if I am pregnant and have an X-Ray taken which exposes my lower torso to radiation, it may possibly harm the foetus.

With these factors in mind, I give informed consent to have an X- Ray exam performed on me, and hereby accept full responsibility for this decision and release the Hospital, its doctors, technicians and all other staff from any responsibility arising out of or as a consequence of the X-ray test

I have been informed and have understood that X-ray is an imaging technique which may or may not lead to a diagnosis of my ailment/condition. I have also been informed and understand that interpretation of the image taken by X-ray has certain limitations which are due to the limitations of science and human knowledge on the subject.

I fully understand the above clauses and consent to abide by the instructions.
